IN THE HOUSE OF REPRESENTATIVES

MAY 7, 1959

Mr. Brooks of Louisiana introduced the following bill; which was referred to the Committee on Science and Astronautics

MAY 14, 1959

Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

A BILL

To authorize appropriations to the National Aeronautics and Space Administration for salaries and expenses, research and development, construction and equipment, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That (a) there are hereby authorized to be appropriated to the National Aeronautics and Space Administration for the fiscal year 1960 the sum of $480,550,000, as follows:

1. For "Salaries and expenses," $94,430,000.
2. For "Research and development," $333,070,000.
3. For "Construction and equipment," $53,050,000,

6. Any amount, not to exceed $5,000,000, of the funds appropriated for construction, as a grant to the National Aeronautics and Space Administration under section 103 of the National Aeronautics and Space Act, may be used by the Administration to continue work with respect to any program of research or development under the aforesaid section, and such work may be used to construct equipment, modify laboratories and other installations, if found by the Administrator to be necessary for the advancement of the aforesaid research and development.
