[[Note: Only claim text is transcribed]]

My claim against the U.S. is for three years services as nurse and cook in hospitals, and as commander of several men (eight or nine) as scouts during the late war of the Rebellion, under directions and orders of Edwin M. Stanton Secretary of War, and of several Generals.

I claim for my services above named the sum of eighteen hundred dollars.

The annexed copies have recently been read over to me and are true to the best of my knowledge information and belief.
