

Letter Supporting Internment

Oakland, {January} 15th {1942}

{Honorable} John H. Tolan

Dear Sir

The Japanese nationals in my opinion should be removed from this coast.

I was in a hardware store when a Jap came in to do some shopping, He appeared arrogant & self important. A class of enemy aliens not to be trusted.

Trusting that you will not think that I am unduly alarmed. I've seen service in the U.S. Navy.

Thanking You

Yours Respectfully
